

COMPREHENSIVE PEDIATRIC PRODUCTS AND SERVICES

Helping People Live Life Better!

BLACKBURN'S believes very strongly that helping a family find a mobility solution for a child is one of the most important responsibilities as a provider of pediatric Durable Medical Equipment (DME) and medical supplies. Fitting a child for a wheelchair or other specialized equipment requires a different approach than adult equipment. Children are not just small adults.

We understand the most important consideration in a pediatric fitting is adjustability. Each child presents differently for a wheelchair or a stander. Working closely with the physician and therapists, our RESNA-certified Assistive Technology Professional (ATP) selects functionally comfortable equipment that adapts for the child as they continue growing.

With a wide-range of products and services to offer, simply put, BLACKBURN'S is the only call you need to make for pediatric DME, respiratory, medical supplies and more...

Manual & Power Wheelchairs

Strollers

Positioning & Seating Chairs

Car Seats

Bath Seats

Standers

Tricycles/Adaptive Bikes

Gait Trainers

Respiratory Ventilators

Medical Supplies

Advanced Wound Care

Enteral Nutritional Supplements

Specialized Pharmacy Services

Contracted with most major insurance companies, BLACKBURN'S is one of the few regional providers with a comprehensive inventory of pediatric products and services. We service regions of Pennsylvania, Ohio, West Virginia and New York from our rehab locations.

To learn more contact one of our locations nearest you to schedule an in-service. Our representative will tailor programs to meet your specific needs, including product demonstrations for your staff.
